Descrizione

Il Castello baciato dal mare è un luogo di incomparabile bellezza situato a pochi chilometri da Roma. Con la sua Rocca, la Torre Saracena, Il Borgo medievale, le chiese di Santa Maria Assunta, di Santa Severa e Santa Lucia, l'Antiquarium, il Museo del Mare, il Museo del territorio, questo Complesso museale è un luogo di inestimabile valore e pregio. Un viaggio di 3000 anni attraverso la storia e la cultura delle diverse popolazioni che si sono succedute, le cui tracce sono ben visibili ancora oggi e lo rendono un polo di attrazione turistica ma anche un punto di riferimento per il suo territorio. La riserva naturalistica di Macchiatonda è una delle aree protette del litorale laziale tra Ladispoli e Santa Marinella, caratterizzata da alcuni stagni artificiali raggiunti da facili sentieri e bordati da osservatori mimetici che sono una grande attrattiva per decine e decine di varietà di uccelli ed altri animali, e di conseguenza anche per birdwatchers, appassionati e semplici cittadini desiderosi di una facile immersione nella natura.
